PERMISSION LETTER

Uravakonda,

18 /12/2019.

To,

The principal,

Government Degree College,

Uravakonda.

Respected sir,

Sub: Department of Mathematics – Celebration of National Mathematics Day –
Permission – Request – Regd.

The Department of Mathematics wishes to celebrate National Mathematics Day on 22/12/2019 commemorating the birth anniversary of Sri Srinivasa Ramanujan, a legendary mathematician of our country. In this regard, permission maybe accorded.

Thanking you sir,

Yours faithfully,

Dept. of Mathematics
Govt. Degree College
Uravakonda - 515812

CIRCULAR

All the students of I, II, and III B.Sc., MPC, MPCs, MSCs are informed that National Mathematics day will be celebrated on 22nd December on the eve of Sri Srinivasa Ramanujan birthday. The department of mathematics is conducting quiz, essay writing, and elocution competitions. Those who are interested to participate, they can enroll their names with B. Siva Prasad, Lecturer in mathematics and the prizes will be distributed on 22nd December.

BRIEF HISTORY OF SRINIVASA RAMANUJAN

Srinivasa Ramanujan, (born December 22, 1887, Erode, India died April 26, 1920, Kumbakonam), Indian mathematician whose contributions to the theory of numbers include pioneering discoveries of the properties of the partition function.

When he was 15 years old, he obtained a copy of George Shoobridge Carr's Synopsis of Elementary Results in Pure and Applied Mathematics, 2 vol. (1880–86). This collection of thousands of theorem many presented with only the briefest of proofs and with no material newer than 1860, aroused his genius. Having verified the results in Carr's book, Ramanujan went beyond it, developing his own theorems and ideas. In 1903 he secured a scholarship to the University of Madras but lost it the following year because he neglected all other studies in pursuit of Mathematics.

Ramanujan continued his work, without employment and living in the poorest circumstances. After marrying in 1909 he began a search for permanent employment that culminated in an interview with a government official, Ramachandra Rao. Impressed by Ramanujan's mathematical prowess, Rao supported his research for a time, but Ramanujan, unwilling to exist on charity, obtained a clerical post with the Madras Port Trust.

In 1911 Ramanujan published the first of his papers in the Journal of the Indian Mathematical Society. His genius slowly gained recognition, and in 1913 he began a correspondence with the British mathematician G.H. Hardy that led to a special scholarship from the University of Madras and a grant from Trinity College, Cambridge. Overcoming his religious objections, Ramanujan traveled to England in 1914, where Hardy tutored him and collaborated with him in some research.

Ramanujan's knowledge of mathematics (most of which he had worked out for himself) was startling. Although he was almost completely unaware of modern developments in mathematics, his mastery of continued fraction was unequaled by any living mathematician. He worked out the Riemann series, the elliptic integral hyper geometric series, the functional equations of the zeta function, and his own theory of divergent series, in which he found a value for the sum of such series using a technique he invented that came to be called Ramanujan summation. On the other hand, he knew nothing of doubly periodic functions, the classical theory of quadratic forms, or Cauchy's theorem, and he had only the most nebulous idea of what constitutes a mathematical proof. Though brilliant, many of his theorems on the theory of prime numbers were wrong.

A BRIEF REPORT OF NATIONAL MATHEMATICS DAY

With active participation of students, the Department of Mathematics conducted National Mathematics Day on 22/12/2019 commemorating the birth anniversary of a great mathematician Sri Srinivasa Ramanujan. The vice- principal Dr. G. Sailaja speaking on the occasion, explained the significant contribution of Ramanujan for the mathematical theorems and paved for mathematical applications in research. M.V. Gopal Reddy Faculty in mathematics, briefly revealed the biography of Ramanujan. Later prizes were distributed to the winners of competition.

FEED BACK BY STUDENTS

I am really happy to become part of national mathematics day and learned more about Ramanujan.

M. Sunil, III MPC

Ramanujans life is a source of inspiration to everyone and glad that he brought name and flame to our country

M. Harshitha III MPCs

I feel proud to say that Sri Srinivasa Ramanujan is an Indian and responsible for the evolution of many new theorems in mathematics.

A brief Report on the Guest Lecture

A guest lecture was conducted on Integral Transform for benefit of all second year students on 18-02-2020. R.Suresh, Lecturer in Mathematics, SSGS Degree College, Guntakal delivered a guest lecture on Integral Transforms. All the students were motivated by his lecture. She explained the basic concepts which are necessary to understand the integral transform as very well.

The speaker explains the basics of integral transform and discussed its applications in various fields. He also discussed about the possibilities of research in different fields. The recent works on regression models were explained.

Students feedback:

1. Good morning sir, we really enjoyed your lecture and you discussed all the applications regression analysis. – **M. PUJITHA III B.Sc MPC**
2. Good morning mam, The way you taught is very excellent and we enjoyed a lot sir. – **B. AKSHITHA, III B.Sc MPCs**

Brief Report on Workshop

The Department of Commerce and Mathematics jointly organized a workshop on the Postal Banking system at JKC Lab on 19-Feb-2020. Sri Pratap Reddy, Postmaster was the resource person for this workshop. The purpose of this workshop is to assess the level of awareness regarding postal banking among the students. Postal banking is a significant financial service offered by the postal department that can play a vital role in financial inclusion and literacy. This workshop aims to provide insights into the knowledge and awareness levels of postal banking among students.

PERMISSION LETTER

Date: 19/06/2019

To

The Principal,
Government Degree College,
Uravakonda.

Respected Sir,

Sub: The Department of Mathematics – Request for permission – Bridge course
Introduction to Differential Equations – Request - Regd.

Keeping in view the role of Mathematics in getting employability, the Department of Mathematics wishes to start a Bridge course on introduction to Differential Equations with the duration of 15 hours in the month of June/ July without affecting the regular class work. In this regard, permission may be accorded to start afore said course.

Thanking you sir,

Yours faithfully,

Dept. of Mathematics
Govt. Degree College
Uravakonda - 515812

CIRCULAR

Date: 27/06/2019

All the I year students are hereby informed that the Department of Mathematics will start a Bridge course introduction to Differential Equation on 1st July 2019. Those who are interested to join the course, They have to enroll their names with **Sri. B. Siva Prasad**, lecturer in mathematics.

Name of the Course: Introduction of Differential Equations

Duration of the Course: **15 Hours**

Commencement of the Course: 1/07/2019

Time Schedule of the classes: **2:30 PM to 3:30 PM**

Dept. of Mathematics
Govt. Degree College

Introduction:

Course objectives:

Abridge course is offered as a ten day intensive course for newly admitted students is conducted every year before the commencement of the first semester degree classes. The main objective of the course is to bridge the gap between subjects studied at intermediate level and subjects they would be studying in graduation.

The syllabus for the course is framed in such a way that they get basis knowledge in the subjects which they would be learning through graduation.

Members of the staff from Mathematics Department are involved in the bridge course.

SYLLABUS

- 1. Derivatives**
- 2. Integrations**
- 3. Order and Degree of Differential Equations**
- 4. Variable Separable Method**
- 5. Homogeneous equations**

Permission Letter

Date: 23-01-2020

To
The Principal,
Govt. Degree College,
Uravakonda.

Respected Sir,

Sub: Dept. of Mathematics – Request for permission – conduct of P.G. Entrance coaching classes for VI Semester Students – 2019-2020 – Regd.

I humbly submit the following few lines for your kind consideration. The Dept. of Statistics want to conduct P.G Entrance classes for VI Semester students of 2019-2020 academic year for 10 days to create awareness on different techniques in problem solving skills and competitive awareness on the higher education. In this regard permission may please be accorded to run afore said coaching.

Thanking you sir

Yours Faithfully

BRIEF REPORT-POST GRADUATE ENTRANCE COACHING

➤ The Department of Mathematics has organized a Post Graduate Entrance Coaching for the Mathematics Students of Final Year from 03/02/2020 to 14/02/2020. The coaching was conducted for ten days. Dr G. Rama Krishna a Principal addressed the gathering to convey the wishes for utilizing this opportunity. The lecturer of the department B. Siva Prasad have taken the classes for the students on the syllabus related to PG Entrance and taught them the tips & tricks to succeed in the various Entrance & Competitive examinations. The students have attended the classes with earnestness. The Coaching Sessions were conducted on from 03/02/2020 to 14/02/2020. They expressed their confidence of success which they got in the duration of the course. Govt, Degree College Uravakonda, Ananthapuramu Dist.

Quiz Objectives and Report

Quiz programmes give an opportunity and active involvement of the students at their college level programmes. Quiz competitions are always interesting and informative which provide excitement among the students and also make them aware of subject knowledge. With practicing quizzes, students can do critical thinking, get into a habit of innovative learning and develop analytical attitude.

Brief Report

The Department of Mathematics conducted Quiz programme on Arthemetic Ability for the III B.Sc., Students on 19th December, 2019. This quiz tested the students understanding in different mathematics topic. 25 students actively participated in this activity. The quiz was conducted in five rounds. In each round 10 questions were asked. The duration of each question is 45 seconds. Each question carries 1 marks. Group A got 35 marks. And Group E got 25 marks. As per score Group G became the winner, M.V. Gopal Reddy in charge of the Department acted as Judge for the overall programme. Department faculty B. Siva Prasad also participated in the activity and gave some suggestions on this occasion.

Feedback of the students

I felt very happy. The programme improved my confidence.

M. Sunil III MPC

Really speaking Quiz programme brought awareness on General Maths and gave inspiration for active participation in competitions.

S. Mounika III Mpc

I am very thankful to Department of Mathematics for conducting Quiz programme. This kind ofactivity generates interest in the subject.

G. rama III Mscs

Quiz programme on General Mathematics surely helps us in competitive exams. Thiswill also help us to write Entrance exams.

C. Aswani III Mpc

Introduction:

Coaching Objectives:

A remedial coaching is to be organized as a fifteen days intensive coaching for students who have fallen behind in their studies and failed in concerned paper I every semester before the commencement of the supplementary exams. The main objective of the coaching is to join the students along with advanced learners.

The syllabus for the coaching is framed according to their standards so that they pass in failed subjects.

The ultimate aim of remedial coaching is to help pupils who have fallen behind to learn to the best of their ability and to bring them back into the mainstream classes as far as possible.

Staff from mathematics department are involved in the remedial coaching.

Students are to be classified based on their performance as advanced learners, moderate learners and slow learners. The Remedial coaching will be given to slow and moderate learners whose performance is least in semester exams conducted by affiliated universities.

The test will be conducted at the end of the coaching to assess their performance.
